

Emergency Procedures

Severe Weather – In the event that severe weather is approaching during the festival hours, an announcement will be made over the public address system that will inform the current public to take shelter. All weather is monitor throughout the festival to allow for proper time to evacuation the grounds. All other existing festival goers that are still on site will have access to the Village Hall for safety.

Bomb/Catastrophic Events – Village of North Hudson Police department are on site and all instruction will be directed by them. During festival evenings additional resources can be provided by the St. Croix County Sherriff department. There will also be two hired EMT staff members onsite to assist with any catastrophic event.
